

ADG Creative to Be Acquired by Chenega Corporation
*Acquisition Will Give ADG Access to a Broader Range of Clientele,
While Expanding Chenega's Digital Transformation, Innovation,
and User-Centered Design Capabilities*

COLUMBIA, MD (December 12, 2017) – [ADG Creative](#), a Columbia, Maryland-based strategic communications and innovations agency, announced today that it has signed a definitive agreement with the Chenega Corporation to become the newest company in Chenega's portfolio of professional services organizations.

ADG Creative provides the Department of Defense, U.S. Intelligence Community, and commercial clients with a range of strategic and user experience solutions that address business, cultural, and technology challenges. ADG's capabilities include strategic communications, advanced data visualization, branding & positioning, training & immersive learning, video & motion, content marketing, and interactive design.

"ADG's strategy-first approach will enhance Chenega's offerings and the solutions we can deliver to our customers," said John "JC" Campagna, President of Chenega's MIOS Business Unit. "There is a critical need for digital transformation throughout the Federal government, and the addition of ADG will help ensure that Chenega is there to meet that need."

Chenega, an Alaska Native Corporation (ANC), is the program's most successful Village Corporation, with diverse capabilities that support a myriad of customer requirements across more than 250 federal contracts and numerous commercial engagements. In addition to its Military, Intel, and Operations Support capabilities, the Chenega Corporation provides expertise and services in the areas of Security, Environmental, Healthcare, Facilities, Professional Services, Communications, and Data Science.

"Joining an organization like Chenega makes perfect sense in ADG's evolution. The move will make us part of a global company, day one, and will enable us to pursue bigger opportunities and solve harder issues for the clients we serve," said ADG Founder and Chief Creative Officer Jeff Antkowiak. "The acquisition is strategic for both companies, allowing ADG to connect our talented team of engineers, designers, and strategists with more government and commercial organizations, and positively impact them with the strength of the entire Chenega organization."

The acquisition is subject to customary closing conditions and approvals, and is scheduled to close in January. Upon closing, ADG Creative will become a wholly-owned subsidiary of Chenega Corporation.

The firms were introduced by their respective representatives at RSM/McGladrey. Holland & Knight served as external legal counsel to ADG Creative, and Hunton & Williams served as counsel and advisor to Chenega. KippsDeSanto served as ADG's investment banker and advisor through the engagement.
